

OKEENE HISTORIC
PRESERVATION GROUP

ENDURING | PRESERVING | ENSURING

2021
*Annual
Report*

Oklahoma Historical Society
collect, preserve, share

The Okeene Historic Preservation Group is organized for the purpose of advancing the economic, professional, cultural and civic welfare of the residents of Okeene and the surrounding community **by preserving historic buildings** so they can be put into use, **adding beauty** by cleaning, landscaping and painting and **promoting recycling** activities.

Pride: we take pride in Okeene and are committed to improving our community.

Leadership: we are committed to providing Okeene with tools and inspiration as we strive to improve our community with the spirit of volunteerism.

Integrity: we are committed to representing our community with high ethical standards, honesty and respect.

Education: we are committed to educating ourselves, our youth and citizens about the importance of making and keeping our environment and city clean and beautiful.

Organization Volunteers

In addition to projects, volunteers contributed hundreds of hours toward general operations and planning for the organization.

Our group does not have paid staff members and 2021 was limited due to the Covid pandemic.
